

General Collection Information

Ejaculate Information

Total volume of ejaculate - mL

Total volume of gel - mL

Total gel free volume of ejaculate - mL

Total sperm concentration of ejaculate - 10^9 (billion)

Total sperm concentration per mL - 10^6 (million)

Motility Information

Total motility (viewed @ 40 XR or higher)

Total motility % dead cells

Total motility % spinning cells

Total progressively motility %

Dosage Information

Total useable semen per mL in this ejaculate

Total progressively motile sperm - %

Total raw semen in this dose - mL

Seminal extension rate in this dose

Total volume of semen extender in this dose - mL

Total sperm per extended mL

Total volume of insemination dose - mL
