

ProVetLogic

Professional

making the animal world a better place

Helps to control
odors and maintain
drain flow!

Kennel & Turf Care

Bioenzymatic Floor Cleaner,
Pet Turf Cleaner, Deodorizer
& Drain Maintainer

A kennel, dog run or play area surface can be made up of a variety of complex textures, cracks and crevices, becoming a magnet for soils. This is the perfect environment for the “HOST”, or odor and disease causing microorganisms to migrate and multiply. Soiled synthetic turf, concrete and other porous surfaces invite a multitude of negative impressions related to cleanliness, hygiene and safety. **Kennel Care** by ProVetLogic is a high performance, bacterial-enriched floor cleaner, synthetic pet turf cleaner, odor eliminator, organic waste degrader and floor drain maintainer.

- **Degrades Organic Matter**
- **Controls Toxic Ammonia**
- **Veterinarian Approved**
- **Environmentally Friendly**
- **GHS Compliant**
- **Economic Concentrate**
- **Nontoxic**
- **Deep Cleaning Action**
- **Pleasant Smelling**

Kennel & Turf Care

Bioenzymatic Floor Cleaner, Pet Turf Cleaner, Deodorizer & Drain Maintainer

The Global Harmonization
System of Classification
and Labeling

Kennel Care is the perfect solution for use in the following areas:

Commercial Kennels	Veterinary Hospitals	Grooming Shops
Retail Pet Stores	Canine Training Facilities	Restrooms
Commercial Kitchens	Exterior Dog Runs	Dog Play Areas

Kennel & Turf Care is most effective when applied using the **ProVetLogic Pro-Foam 2** product dilution, application and rinse system. The solution can also be applied using a mop, brush, pump-up sprayer or automatic scrubber.

CLEANING DIRECTIONS:

For Light Duty Floor Cleaning: Dilute 2 ounces of product per gallon of water, apply to surface, allow to dwell for 3 to 5 minutes and agitate if needed. No rinse required.

For Medium Duty Floor Cleaning: Dilute 4 ounces per gallon of water, apply to surface, allow to dwell for 3 to 5 minutes and agitate if needed. Rinse thoroughly with clean water.

For Heavy Duty Floor Cleaning: Dilute 8 ounces per gallon of water, apply to surface, allow to dwell for 3 to 5 minutes and agitate if needed. Rinse thoroughly with clean water.

For Synthetic Pet Turf Cleaning: Dilute 2 to 4 ounces, apply to the surface, allow to dwell for 3 to 5 minutes, agitate if needed and rinse thoroughly to ensure that solution gets under the turf and into the substrate.

To Help Maintain Floor Drains: Direct the solution towards the floor drain using spray and/or squeegee.

Add concentrate to foam gun

Remove and discard solid waste

Apply solution to the surface

After 3 to 5 minutes, rinse surface

PRODUCT SPECIFICATIONS

Color:	Green	Odor:	Fresh Linen
pH:	9.0 – 10.0	Viscosity:	Water thin
Foam:	Moderate	Phosphate:	None
Solubility:	Complete	Emulsification:	Excellent
